Glo-Ray® Carving Stations

Models: GRCSCL-24
GRCSCLH-24

The Glo-Ray® Carving Station is an excellent addition to extend food holding times during serving periods. Create a complete serving station for buffets by adding it to Hatco's Flav-R-Savor® Holding Cabinet.

Standard features

- Overhead ceramic heating elements project high intensity radiant heat over entire target area
- Available with or without heated base
- Independent controls define temperature settings for the ceramic element top heat and the blanket element base heat (GRCSCLH-24 only)
- Shatter-resistant incandescent lights
- Sturdy right-hand side sneeze guard
- Adjustable clearance of 17" to 23" (445 to 570 mm) from the top of the base to the bottom of the foodwarmer housing
- Portable – includes a 72" (1829 mm) cord and plug
- Cord location is back side on base
- Ceramic and blanket heating elements guaranteed against burnout and breakage for one year

GRCSCLH-24 with optional base heat, left-hand sneeze guard, drip pan and cutting board
